

# Where in the world is Charger?

This postcard project is exciting for the *EXCEL* students as they have fun learning geography and neat facts about different states, countries, and locations. In the past, Mrs. Taylor's Pekingese, Maggie, was the class mascot. Mrs. Taylor's students learned a lot of geography with Where in the world is Maggie? Maggie was able to visit many places in the USA as well as Australia, Costa Rica, Egypt, France and many more places! This year Maggie is going to continue to take a break from traveling and her trusted friend, Charger, our new class mascot, will be traveling the globe. We need your help this year to send Charger out on his travels. Please help Charger to send a postcard if you are traveling, on vacation, or have friends and/or family that live outside of McDonough, Georgia. We will add your postcard to Charger's online travel journal. Here are a few, simple directions:

- Please write a short note to the class on the postcard. You can include an interesting fact, something about the trip, etc.
- Please sign the postcard from Charger, but don't forget to include your name.
- If you are a relative, friend, etc. then don't forget to send a special shout out to the person that you know in the class.

Please mail your postcards to:

ELCA  
C.Taylor-EXCEL  
2400 Hwy. 42 North  
McDonough, Georgia 30253

Thank you for helping make our postcard project a success!

In Christ,  
Chrisi Taylor
