In a focused effort to strengthen the diverse culture, an established Council on Diversity meets to discuss critical issues within the school. The council consists of students, staff members, and parents.

**World Impact:** This extends curriculum beyond the classroom to provide students with cultural, educational, and ministerial experiences both locally and around the world.

**Student Support Services/MERIT (Multi-faceted Educational Resources and Instructional Technology):** Students who are served by the MERIT Program must be identified through a multi-faceted evaluation as exhibiting a learning difference that significantly impedes their academic progress. A current (within the last three years) comprehensive evaluation of the student's cognitive, academic achievement, social, behavioral, etc. domains must be on file at the school.

**AP Capstone School:** AP Capstone™ is a diploma program from the College Board. It's based on two yearlong AP courses: AP Seminar and AP Research. These courses develop students' skills in research, analysis, evidence-based arguments, collaboration, writing, and presenting.
